Highway Equipment – Superintendent Viscardi mentioned he is looking to purchase a Bobcat excavator in 2025. He mentioned that the equipment is interchangeable from the old excavator to the new. He mentioned this is on state bid, so necessary to put out for bids. He expects to sell the 2018 New Holland excavator for approximate \$22,000-\$28,000 at auction. Highway Superintendent Viscardi spoke and stated that the reason for them wanting to sell Vehicle#75 is due to them having a mate to the purchase of the Bobcat E40 Series Excavator. Viscardi stated that Vehicle#75 should sell between 22-28K and then we have a State Bid and Town will not have to put anything in. It will also be nice then that both vehicles will be matching as well as interchangeable and we will be ready for 2025.

Supervisor Reports

Umpteenth Children's Christmas Party – Supervisor Liotta mentioned that this past Saturday we had our Annual Umpteenth Children's Christmas Party at The White Hall Mansion. We would like to thank the Wood family for graciously hosting our annual event. It was beautiful, magical and well attended. We would like to thank all who joined us, especially Pat Didas as Santa and Town Historian, Leanna Hale as our elf. Thank you to Town Clerk, Susan Henshaw and her Deputy Town Clerk, Carla Ward for your time and effort towards making the annual event memorable for the children and families in our community.

WIBA#1 – Supervisor Liotta mentioned that the next WIBA progress meeting will be held Monday, December 23. We will also be holding a Special Town Board meeting that same morning at 9:00am, for the purpose of paying bills and tend to any small matters that come up between now and then. We may be required by our Financial Services, to authorize some fund transfers at that time.

MRB Group - Scott Mattison, MRB Group, led our WIBA meeting this morning and also updated us on the list of projects going on in the town. We currently have 8 active projects with 1 being completed. He will send us an updated excel spreadsheet soon.

New Proposed Town Hall – Supervisor Liotta mentioned this past August, the Post Office had contacted her regarding the feasibility of using our Town Hall as the new post office. The current facility is privately owned, and they will not be renewing the lease set to expire early 2026. They feel the current Town Hall is ideal, while researching other facilities at the same time. We await their upcoming decision. In the meantime, we have proposed a new Town Hall campus that would be located in front of the Highway Department. We also have The Hafner Park Improvement Plan going on as well. MRB Group will be providing us with a plan on paper that will include all the improvements within the park, including a new Town Hall. This map would show what a potential Town Campus would look like. We hope to have a proposal, specific to the Town Hall, in time for our January 14 meeting. Councilperson Culhane mentioned that solar monies will be used towards the new Town Hall, rather than increasing taxes.

Sidewalk Grant – Supervisor Liotta mentioned the application was submitted last week, by MRB Group. She was advised today that it will be added to the next legislative cycle.

Town Board Reports

Seymour Library - Councilperson Wexler mentioned that the library has completed its renovation project and it was under budget. He also stated that the construction is complete and that it looks phenomenal.

Highway Department - Superintendent Viscardi advised we had our first plow and salt run last week and our equipment performed well. We also have started our 24-hour shifts as of last Friday, December 6. /* Zoladz will be grinding brush next week. /* He wished to mention Pilon Construction and MRB have done a fantastic job installing and administrating the water main process with traffic control, clean up, and keeping us updated.
